“A MESSAGE FROM OUR PRINCIPAL

Dear Families,

What an exciting start we've had together as a new and growing school community. From blank spaces to buzzing classrooms, it has been a real privilege to watch our school come alive - not just through the learning environments we've created, but through the energy, positivity, and commitment you and your children bring every day.

I want to say a big well done and thank you to our students and families. The punctuality in the mornings, the pride in uniform and appearance, and the strong work ethic I see in classrooms have been fantastic.

As a school, we are building a culture of kindness, respect, and growth. Already, it's clear that the strong relationships between teachers, students, and families are at the heart of this. When those relationships are strong, learning thrives - and every child feels valued, supported, and encouraged to do their best.

I also want to take a moment to thank our whole team of staff. From teachers and assistants to the site, reception, admissions, and accounts teams - everyone has gone above and beyond to make sure our students feel welcomed and supported from day one.

Finally, thank you to our families - for the joy, encouragement, and sense of community you've brought into the school. The spirit of togetherness and kindness is already something that sets us apart, captured perfectly in the balloon arch prepared and gifted by one of our families, and I'm excited to see how that community spirit will continue to grow in the weeks and months ahead.

Together, we're not just starting a school - we're building a community where every child can flourish.

Kind regards,
Mr. Samuel Holliday

UPCOMING EVENTS THIS TERM

- Parent Teacher Conferences
- Parent Workshops
- Coffee Mornings

WELCOME TO A NEW SCHOOL YEAR

The beginning of the year is a wonderful time for children to get to know their teachers, make new friends, and reconnect with familiar faces. Over the next few weeks, we will be focusing on building strong classroom routines, creating a welcoming environment, and helping everyone feel comfortable and confident in their new space.

We look forward to learning, growing, and sharing many memorable moments together this year!

SMILES, FRIENDSHIP AND NEW LEARNING ADVENTURES

After a joyful summer break, the children returned with bright smiles and renewed energy for a fresh start to the academic year. They eagerly settled into classroom routines, embraced new activities, and began their learning journey with enthusiasm. This fresh beginning marks a wonderful year ahead filled with creativity, growth, and exciting experiences.

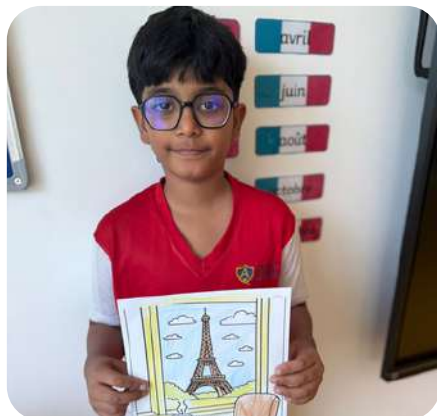

This week, our Year 1 and Year 2 learners enthusiastically started their new journey together with fun-filled learning activities that encourage them to adapt and embrace their new learning journey in Key Stage 1. They familiarised themselves with classroom routines, made new friends, and engaged in group activities that encouraged teamwork. We look forward to witnessing more of their growth and potential in the weeks ahead, as they explore meaningful learning opportunities designed to nurture their skills, spark curiosity, and inspire a lifelong love of learning.

CREATIVITY AND CURIOSITY IN KEY STAGE 2

Key Stage 2 students were delighted to return to school after a refreshing summer break. They were especially excited to reunite with their friends and welcome the new students who have joined us. The first week was filled with joy and curiosity as children explored their new classrooms, corridors, and learning spaces.

During this first week, Key Stage 2 students have also been setting expectations and goals for the year ahead, ensuring a positive and successful start to their academic journey. The children have been actively involved in team-building activities, class discussions, and routines that help them build confidence and feel a sense of belonging in their new classes. They even shared their imaginations by talking about what superpowers they would love to have—ranging from flying and invisibility to the power of kindness and making everyone smile. With such an energetic and enthusiastic beginning, we look forward to a year filled with meaningful learning, creativity, and achievements.

A STRONG START

We have had a fantastic start to the new school year across all year groups, including our Key Stage 3 students who have made an excellent transition into their new routines.

It has been a week full of excitement, new friendships, and positive energy as students met their teachers, settled into lessons, and began exploring new subjects. Our KS3 pupils have especially impressed us with their enthusiasm and maturity as they embrace the challenges and opportunities of the year ahead. We're looking forward to a successful and inspiring term for everyone!

UNDERSTANDING HEALTH AND WELL-BEING

In the first week of school, students were introduced to the basics of Physical Education and learned why staying active is essential for a healthy lifestyle. They also explored the concept of Body Mass Index (BMI), discovered how it is calculated, and understood how it can be used to assess general fitness and well-being.
